Welcome to Pennsylvania Turnpike Commission EBS

The Pennsylvania Turnpike's Electronic Bidding System (EBS) is intended for the use of business partners interested in Commission construction projects, and Turnpike personnel who manage the procurement of these services. Starting with the advertisement of a construction project and ending with the notice to proceed, EBS allows the registered business partner to search for projects based on status, download all bid documents; including supporting documents, drawings and specifications, and submit the entire bid package over the internet to a physically and electronically secure location.

PROJECT COLLABORATION SYSTEM

The screenshot shows a web browser window with a purple title bar containing the 'kahua' logo and standard window controls. The main content area has a light gray background with a faint grid pattern. At the top right, there is a language dropdown menu set to 'English'. The central focus is the 'kahua' logo in red, featuring a stylized orange and red 'K' icon. Below the logo is a user profile for Jeffrey Wilson, including a circular profile picture, the name 'Jeffrey Wilson', and the email address 'jwilson@paturnpike.com'. A password input field is positioned below the profile information, with a 'Forgot your password?' link underneath it. A 'Sign in' button is located below the password field. At the bottom of the login section, there is a link that says 'Sign in with a different account' with a right-pointing chevron icon. A decorative horizontal line with a small 'K' icon in the center is positioned below the link. The bottom of the browser window has a teal footer bar with the text '1.8.5.Update.15'.
